The Premises:

I have been to the location before and it is easy to find and the inside is basic but OK for the purpose. I had a quick shower in small but functional room.

The Lady:

The sunny I met does not like anything like what is on the website. The person was a lot older with a few more pound. The Sunny I met was not unpleasant but with tats on her back.

The Story:

I am fan of Asian women but not Sunny. When I arrived she was asleep and clearly not dressed appropriately. Unfortunately for me I should have left at this stage but a previous review suggested it was worth staying. We shared a shower which was fine but when we return to the Sunny started with oral but mentioned my size and that was when thing went down hill. From this point she used her hand to bring me off with little OWO. I asked for a massage which I thought had to be an improvement but this has got to be the worst I have experienced. Sunny clearly has no idea of what it is and how to conduct one. By this time I had enough and left after half an hour. I can her virtually no recommendation but to avoid her like the plague
