### The Premises:

Pleasant flat in an area I have used before for visiting asian ladies 'On vacation' from london or elsewhere. The best parking is in the nearby Tesco that allows 3 free hours.

### The Lady:

Petite thai lady with a large natural bust that her clingy dress failed to contain. Very pretty in my opinion, especially the eyes if you can tear yor eyes from eberything else.

Older than the webpage states which is a good thing from my perspective, in fact i rely on it.

### The Story:

Mata has a reputation from london, and as my travelling no longer includes the capital I am very happy when such a lady turns up in Birmingham, seems to be quite a fixture now with Sarah aka Cherry also working and there are others.

I took a shower after getting introduced, was offered a drink - she has many things available both as snacks and drinks and lychee juice would be good for improving the taste of semen i think, but as my tanks were fast the full mark I don't think it made any difference.

We had a sort of sexy introduction with Mata telling me she would give me a massage with a naughty look in her eye - this massage involved me lying on my back while she ran her nipples slowly all over it, you could imagine with ink on them she would have written something, then turned me over for the same treatment up my legs to my cock, which was then oiled up and first rubbed with her butt then tits then mouth. She then put a condom on with her mouth, and mounted me for some serious action in a variety of positions and angles including a good go at some anal. Eventually after a lot more oral, sex and tit fucking I was ready to explode, and as she rubbed my cock head against one tit, rather than sucking me off, I took over and surprised her with a really large load all over her face tits and hair.

After Mata had cleaned herself up she treated me to a bit of proper massage - the skills of some of the thai women amaze me and this is another one that would be good to see just for that - got all the knots out of my leg muscles but didn't spend excessive time on that, aware that another round had to be fitted in. Usually I start off giving the girl a licking, butt is time it took place mid-punt with Marta periodically thrusting her pussy onto my face so I would guess she got off at least once; then

it was time to rim her, and get sucked again back to stiffness for some more riding until eventually we finished in spoons.

Lovely lady, beautiful kisser, lots of oral, and very friendly and sexy. Everything on the profile available and taken up, really. Top drawer. Nice mixture of her leading and my requests fulfilled.
