The Premises:

Very nice clean flat in a quiet culdesac. Felt safe as it was day time dont know what its like at night

The Lady:

Very beautiful young Indian lady which made my decision to visit her very easy as you dont get many new Indian escorts.

Lovely breasts and pert bum. About 5ft 3 without heels

The Story:

Started off ok handing over money then onto bed where she came out with 'oral with condom no kissing no 69 if you pay £100 for one hour all is included' That was the beginning of the end she gave a basic hand job with her mouth over the head of my cock and when i was semi hard said ok you on top. She then just laid back and waited i tried to enter her but she was dry. So i said give me a hand job and even that she could not achieve any enthusiasm for. I got up to leave after 10mins and she says whats wrong and i said i like kissing and 69 to get started and she had the audacity to say i should have told her and i could have had 69 and kissing

WTF

She offered it as i was dressing but my mood was to get out of there and not waste another minute
