### The Premises:

Taylor's apartment is in a very nice and very quiet area and very easy to find. It's about a 7 minute walk from Baker Street Tube Station. Parking is not great, although i didn't drive I did notice parking in the street was for permit holders and disabled badge holders only. The apartment is very clean and modern with no distractions from the outside world. A nice little love nest.

### The Lady:

Taylor is just as beautiful in person as depicted in her photography. Although she is from Thailand she has a very mixed race look about her, very light skin and an almost Egyptian look to her. Her taste in lingerie is really good but out shined by her perfect size 8 body. Taylor has the tightest and cutest bum and is very well proportioned.

Her attitude matches her body, perfect. She greeted me with a smile and made me feel really special in a very un-hurried encounter. She is very eager to please and has a slightly childish sense of humour which i found quite adorable.

### The Story:

Taylor is the first girl I have seen in quite a while due to physical health issues. I am really pleased my first time back in the game was so enjoyable and I wouldn't of swapped it for anyone else. I was really impressed with the agency for listening to me and recommending the best girl for the job as so to speak. The first agency I called told me to go away and make a decision and then hung up on me so it was quite refreshing when I phoned this agency.

For first timers or shy guys like me i would really recommend Taylor as she will tick all the boxes. I will be returning again and maybe for a bit longer to enjoy her a little more.
