### The Premises:

Semi detached house in a reasonable residential area. Bit shady and sparsely furnished, but I wasn't there to enjoy the ambiance.

### The Lady:

Small, about 5'3", Hungarian girl in her early 20's. Pale skin, small natural boobs and a nice bum. Doesn't wear much make up but doesn't need to as she's reasonably pretty. Unfortunately, she hadn't bothered to shave her legs that day. Maybe it's an East European thing. Feigns ignorance of English when you ask for anything, but fluent enough to ask you for money!

### The Story:

This was a rather impersonal service. Enquired about kissing, received a negative response. Tried to warm her up a little manually, but was pushed back. Ok, so no touching of the quim kebab. The punt was devoid of anything, except a slight comedy value, as she checked her phone whilst I was pounding her in the missionary position. Considering I pack a fair girth, and was sleeving her when I did her from behind, she was still struggling to maintain a nonchalant demeanour throughout the proceedings. It was like fucking an attractive sack of spuds, only more expensive. I suppose I've had worse, but I wouldn't recommend.
