### The Premises:

Her place is about two minutes' walk from Surbiton Station and is easy to find, with an entryphone to get in. There's parking nearby if you need it. As for the flat itself, it's always clean and very tidy.

### The Lady:

A very attractive, sexy lady in her mid 30's, with an enticing accent and the kind of figure that still leaves me a little slack-jawed with wonderment even now when I know what I'm expecting. But as luck would have it that's not all, as she's also generously warm, disarmingly charming and generally just fun to be around. She made me feel at ease from the first moment I met her (which is no small feat in itself). If you look at her photos you'll have an idea of what you're getting, except that, fortunately, you'll be getting a whole lot more.

### The Story:

This was the third time I've been to see Inna and I'd guess that the general gist of meeting her has probably been detailed enough elsewhere for me to need to cover it again here. But suffice it to say that I'd be surprised if I've even sampled half the delights that Inna would gladly offer and yet I've never once left without the broadest of smiles on my face. Or for that matter without wanting to return and pick up where we left off.

So what is it that makes me able to so easily dismiss the effort of a three and a half hour round trip to see her? Well, her ability to leave me both relaxed and yet extraordinarily, exquisitely exhausted at the same time may be part of it. And possibly it may be that we enjoy a similar outlook and the same slightly off-beat sense of humour. But mainly I think it's because she is one of those lucky people whose appetite for life is happily infectious for anyone fortunate enough to spend some time with her. And the fact that she's got the sort of body that a sketch artist would draw for me if I was looking for the perfect woman is just one of those happy bonuses that life is kind enough to add on every now and again.

Would I recommend seeing her? Well I guess the fact that I'm planning an overnight meeting with her should be enough to answer that.
