The Premises:

Lovely big house/flat in a very pleasant part of Kensington. Very near the Natural History museum. It's possibly a little too public for me on the outside, but all very discreet and not an obvious parlour from the outside. I walked in about 2 minutes after my appointment time, as I couldn't quite work out the street numbers from the other side of the road. The maid was friendly and walked me through to the room. I waited less than a minute for Sadie to walk in.

The Lady:

Absolutely mind blowing. She is not only one of the most beautiful WGs I've ever seen, but possibly the sexiest woman I've ever met in person. Literally perfect in every aspect (to my taste), lovely round bum, super tight bod and an ideal handful of fake tits. On top of this, she's articulate and charming, a pleasure to be around

The Story:

I have recently relocated to the London area and have yet to visit a WG, but have visited plenty down here and around the country in the past. I have been reading PN and other sites in the hopes of finding a reliable WG to begin seeing regularly. HoD is mentioned a lot and at first I saw nothing but positive reviews. As I delved further I found some of the bad reviews which have been floating around this year. A common theme is that overall HoD are great value but it can be a bit hit and miss with the girl. So with that in mind, the most commonly recurring positive review seemed to be Sadie. So I went for it.

What can I say? Absolutely hit a home run first try. She is everything I have wanted other WGs to be. She was friendly and upbeat when she walked in the room, but looking jaw dropping. Put me at ease with a little bit of chat, asked me what I liked or if there was anything specific I would like. I honestly feel like I could have said ANYTHING and she would have been happy to indulge me. As it happens, I like some fairly straight up GFE/PSE so I said "let's just see what happens"

So she took off my shirt and trousers, the whole time making very natural conversation helping me feel relaxed. There's some lovely genuine DFK thrown in here and there, all felt quite natural. I let

my hands explore under her sexy little dress, feeling round her amazing curvy arse. When she pulled my boxers down she turned around and pushed her bum onto my cock, bent down and pulled her knickers off. This was one of the nicest touches a WG has done, rather than just watch me undress and undress separately on the other side of the bed. She turned back around and caught the first proper glimpse of my now erect cock, which is a little larger than most (in girth not length) and she made a nice reassuring comment about it. I've had a few WGs run for the hills at this point.

She got me to lie down on the bed and proceeded with some of the best OWO I've ever had. I asked her to put her pussy on my face and she obliged. Not much to say here, I licked her, she sucked me, it was essentially exactly how you imagine a 69 with a beautiful girl to be. After a little bit of this she span round and sat on top, on with the mac. I'm used to having to take penetration slow with both WGs and girls in my private life, so I explained we'd go at her pace, which started very slow and sensual. Before long she was hammering her pelvis down onto my cock and we were going for it.

After a little bit of this, I leant her back so I'm sitting up, we fuck like this for a bit then I lay her down and carry on. She asked me how I wanted to finish, I said "lady's choice" and she chose doggy; a wise choice. She jumped off, positioned herself on the bed on all fours facing towards the full length mirror so that when I entered her I had the perfect view from both the front and back. At this point I absolutely went for it, fucking her as hard as I could muster, reached around and played with her clit. She told me this position was her favourite and she was close to cumming, which I loved. Then I pulled out, pulled off the mac and came all over her bouncy arse, the whole time she looked over her shoulder right into my eyes. This was by far the most erotic climax of my life. 100% PSE.

We cleaned up, had a little chat and I left feeling like an absolute boss. This girl is like self esteem steroids. What a star. Would recommend, will definitely revisit.
