### The Story:

My worst punt ever?

I took a chance on a Vivastreet listing for a Chinese girl called Nai Nai. Maybe a warning was in the name?

She was not 21 or slim as the listing shows. This is a definite bait and switch scam.

She was about 35 – 40 and 2 stone over weight. Yes I should have walked away, but inside an apartment with a 'handler' outside you don't know what shit they have got waiting if you turn round and say 'no thanks'. The ball(s) (mine) is in their court so I thought I would make the best of it. On the up side the room was clean and warm. She had big-ish tits and nipples like Vic inhalers, but on the down side she was not a looker and as I have already said she was 'chunky'.

Anyway 'what doesn't kill you makes you stronger' some one keeps telling me, so I thought I would plough on. The usual 10min tickle on the back and legs, to be honest I get more turned on when the wet shower curtain clings to me. Then the dreaded words "do you want to turn over darlin" Yes I was being 'turned over' and my manhood was having none of it. It lay there like the last chicken in the shop, leaning over to the left slightly, about 30% interested.

Shit, this is the first time I have ever thought of just picking up my clothes and making a run for it, but the thought of me being on the evening news kept me pinned to the bed. Then after applying two raincoats, yes two! She managed to tease it into life with some moderate sucking. My only hope of getting this over and done with was Jennifer Aniston - who with a lot of imagination and while looking at the top of her head I managed to convince myself she (Jennifer) was doing the business with me for research for her next film. Ta-da! that did the trick, popped her over onto her back into missionary after about 15 strokes and one 'Oh Jennifer!' the job was done.

I thought that was it, but there's more. After a quick clean up I started to get dressed really fast. She

went off into the bathroom – oh fair do's she going to have a little wash. No - with the bathroom door half-open she started taking pee, then she had a DUMP! I heard the splash! This is going from bad to worse. I had just started to walk to the door to get out and she learned round and said "Bye darlin". I was out of there like a shot, passing a sad faced guy on the stairs being bought in by the same 'handler'. Possibly scarred for life? Avoid unless you like overweight not so attractive Chinese woman who like to take a shit just as you leave.

Sorry for the length of this, possibly my one and only review.
