Rose is probably early 30s and not late 20s as claimed; not as slim and young as on the website but still good looking, no deceptions here, just the usual "discount" versus the photos

The Story:

A relaxed start to the visit. I had asked the agency to tell her to wear a latex dress with high boots, which she did. After some initial small talk, I showered and then went into action: first some mutual exploration standing, then on the bed. She gave decent OWO and massaged my balls quite nicely while doing so. I had some amyl while licking her tits and kissing - both ok but not superclass. She put up two fingers in my arse and sucked me again, which was exciting and a real turn on. Then we switched and I sat on top while tit-fucking her. She has enough topside to make that good. I then had her finger herself while I watched and got really hard, which led to sex in missionary and some variants with legs in various positions. Nice hip grinding on her part and a good climax from me. All in all a slightly above average experience with a decent and nice girl. Good fun.
