### The Story:

This is/was my first ever punt. Always wanted to experience it and I'm glad I did. The experience was a little awkward from my own point of view but this wasn't down to Lina.

I went into the room and waited for a few minutes before lina walked in, she was just In some nice underwear. No delay she cam straight up to me and kissed me. We moved over to the bed and kissed more. Finances were promptly seen too. She quickly undressed me down to my boxers edited moving onto te bed, I went down and tasted her pussy for some time (no fingers allowed) after this she took my boxers off and started sucking my rather limp chap (nerves certainly got the better of me) I laid there as she slowly worked me up to an erection and the oral was good. Good eye contact. She soon offered to put on the comdom and climbed onto me. In minutes I was done. Still had a good 10 minutes left so we just spoke. I would of like to have gone again but no inclination of this was give.

Overall very good experience just nerves got the better of me.

Lina has very have breast, perfect vagina and good oral skills!
