### The Premises:

Easily found, quiet neighbourhood, parking straightforward as after 6pm. Clean premises. Shown to a large double bedroom with some magazines about Porsches on a table with a mirror (helpful for seeing what she was doing of course!) Room was a good temperature, bed was comfortable. Was offered a drink and asked for water - fine. Did not use shower as I has showered before.

### The Lady:

I did not think that she was as pretty as I had imagined from the photos on the website but of course, her face is obscured on these photos so difficult to be sure. I would say she is attractive but not stunning; friendly, but did not really make me feel special.

### The Story:

I had taken a nice, fairly large bouquet of flowers as that's my style. She appreciated them at the beginning and the end but did not seem as impressed or surprised as I might have hoped (perhaps she gets them all the time!) She arrived in nice black lingerie - fairly standard but appealing enough. She said she needed to go to the bathroom We fairly quickly started light french kissing. As a non-smoker, I noticed immediately a slight cigarette taste when kissing her which I would have preferred to not have but it's not a big problem for me (I've been with girls who have been smokers before). I mentioned that it was my first time punting. She soon asked me what I liked doing and I said I loved licking pussy and then mentioned 69. However, she enthusiastically lay on the bed with her legs open so I got to work. Every girlfriend I've been with has told me that I've given her the best oral sex she's ever had and Sienna was soon enjoying herself a lot. After I made her come, she showed me that her hands were trembling as it had been so good (which was a nice ego boost for me). Later, she said that I was the 10th and last guy that day and was the only one to make her come. Great.

I may be a bit difficult when it comes to girls making me come and unfortunately this applied in Sienna's case. Her oral was ok - I noticed her teeth too much, though she improved with feedback but she said she did not or could not deepthroat me. She soon put a condom on and asked me what position I wanted so I chose her on top. Which again was ok but nothing amazing. She wisely suggested a change so we did missionary. Again, I did not think that I would come like that (not

turned on enough and obviously not a romantic situation). She asked me what I wanted and I said I really wanted to come in her mouth. I took off the condom which she seemed surprised about which I thought was odd. Anyway, she did some hand action with licking my tip which again was nice. However, I was always far from coming - I encouraged her to get a bit rough with my balls and she did that quite well, gradually building up the intensity with my encouragement and stopping when I said too.

Eventually, probably because I wanted to come and I didn't really think she would do this, I asked her to straddle me whilst I kissed her, gently massaged her pussy and masturbated myself. After coming, she quickly cleaned me with nice, moistened wipes and gave me one for my hands - attentive, but licking my cum and my penis would have been much sexier.

And then... we talked for about 25 minutes!

Don't get me wrong, it was a pleasant enough chat but one I could easily have done with any mate. We lay there naked and spoke mainly about relationships and a bit about life. I guess I could and probably should have taken the initiative to get some more action but perhaps, a) I hadn't been that impressed and b) I kind of hoped she would.

So, overall I am neutral in my recommendation. Another guy may have had a really good time but if you think that you are at all a very discerning customer, perhaps consider a different girl.
