The Lady:

I chose Olivia from the web site but the girl who turned up definitely was not her. For a start on the web site it says she is Italian and the girl that turned up was from Moldovia! She had dark hair (dyed) too much make up and persisted in calling me `Darlink` all the time, very annoying. I said you do not look like your photos and she said `Oh Darlink` I have dyed my hair and have different make up (I suppose she changed her Nationality at the same time!). She was not very attractive but I thought of all the hassle turning her away so continued like a fool!

The Story:

She arrived on time was did not wash or shower before starting, after 5 minutes oral she wanted to get on with it, she made superficial efforts to fuck me on top but when I went on top she was all the time saying be careful, no not so deep, oh no, I do not like that.

All of this has the effect of one losing desire pretty quickly. After 10 minutes she was complaining why I had not come. She rapidly took me in hand and wanked me off and couldn't get out the door quick enough (again no shower or cleaning, what lovely hygiene she has!). So the sum total of time spent with me was 20 minutes, not the hour I paid for when her it was only 20 minutes she said `What you expect you fuck my pussy for 1 hour? I no do my job if you do that!!`

A miserable experience!

I phoned the Agency to complain after she left and the lady on the phone was not the least bit interested.

Avoid the agency at all costs and this girl who purports to be the Olivia but is not. What a con!
