The Premises:

Very good flat in South Kensington, clean and efficiently run by receptionist.

The Lady:

Small Bulgarian lady, having read so many good reports on Pixie I thought I must visit her. I do hate pictures where the face is blanked out as to me the facial looks are very important. Despite other peoples ravings, I thought she was pleasant looking but not the stunner as described by others. Good figure and breasts but perhaps a touch of the `slack alice` about them!

The Story:

However she is very good at what she does and lived up to her reputation being very receptive to all positions etc. I would thoroughly recommend her but only proviso is that perhaps she is becoming a little too professional, I do like the feeling that a bus station has been through already!
