### The Story:

Had a wonderful visit to see Heather. It's been a few years since I visited MK after the last visit left me cold, however Heather made me feel wonderful. She has a personality that puts you at ease, and a kiss that is soft and tender. I'm not going into all the details but just to say... wow! Heather is better than I could have wished for. Thanks Heather, and hopefully I'll see you again soon... enjoy your trip :)

On a slightly negative point and no fault of Heather but she was running a little late... these things happen, however considering she apologised and we had finished and were already starting to get dressed within 20 minutes I'm not that impressed that the maid came knocking on the door when after all we still had time left over. If I pay for 30 minutes that's what I expect. Just a small irritation on what was a wonderful visit.
