The Premises:

Nice apartment. Buzzer door entry. Greeted on stairs by Lady of the House. She ushered me into the upper hallway where I was presented with two gorgeous girls - Brianna and Michelle, in their lingerie. Brianna is pictured on the website, as is Michelle, Both are very good looking and sexy. I was so taken aback I got their names mixed up immediately! I chose Michelle as she reminded me of a friend - similar looks, body, ass, etc. I was led through to a nice room with en-suite bathroom.

The Lady:

Michelle is a cute Polish girl with glossy blonde hair and a warm smile. A petite yet curvy girl, not chubby or BBW, just right. I could not believe it when I saw her breasts were 34C according to the site! They seem bigger, maybe they just have a nice shape, they fit her frame perfectly. She also has a nice round ass, a bit of meat on her hips and thighs. She has a warm, patient, bubbly and friendly personality which really put me at ease. She is confident without being bossy, and didn't rush me. It seems she can be chatty if you encourage her and talk with her, which can make all the difference. I know not everyone likes this or may be in the mood for it, but it is nice to know you have that option, And her English is very good.

The Story:

Every now and then, I get a craving to eat out a girl's ass. Not even full sex, just analingus.

So this day I picked Michelle, and she agreed to let me lick her ass. Which was great, because some girls I have met, even hookers, are uncomfortable with it. We agreed on £80, this was with a £10 tip, as I usually pay anywhere from £50-100 for this service anyway.

After paying her, we both stripped naked, and I lie down for a little facesitting. She asks where I want her, and I ask her to sit on my face. Michelle climbs on top, and she was very responsive as I lapped away at her pretty pink butthole. She didn't flinch or squirm, and she said she had had her ass licked before, many times. She gave me a Blowjob as I ate her ass out, but as she is a short girl and I am very tall, It was hard for me to lick her ass properly with her bent over. I like a girl to sit upright or lean back so I get her whole ass relaxed and squashed on my face. So I ask Michelle, and after encouraging her to sit right back on my face, I get what I want - Her soft, pillowy ass cleavage squished into my face, so I can lick and kiss her buttocks and push my wet tongue nice and deep into her asshole. She moans as I grope her firm tits and tweak her stiff nipples as she grinds her juicy round butt into my face. I spread her buttocks to slurp on her tasty asshole, my lips sucking on it. I bite and slap her ass a little, which she says is fine, as long as I am gentle. I flip her over and ask her to lie down on her stomach on the bed, and use a couple of pillows under her belly to prop her ass up higher. I spread her buttocks and kiss her asshole and buttocks some more, licking her asscrack up and down, Swirling my tongue around it, then oiling her asscheeks up, and spreading her starfish, thrusting my tongue deep into her pooper, grabbing her buttocks and tongue-fucking her butthole rapidly. I fuck her asscrack for a while, oiling it up some more, lick her ass some more, then it is all too much, and I empty my balls over her buttocks.
