The Story:

Was greeted at the door by Honey who showed me into the bedroom and took my coat from me to hang on the back of the bedroom door . We then sorted out the money and got undressed for a quick cuddle and kissing session on the bed . Honey then removed my pants and started giving me owo . Then her mobile starts ringing and she stops to take the call from her next client whilst telling the client I had already been there 15 mins when in reality it was more like 10 mins or less which annoyed me somewhat . Honey then came back to the bed full of apologies and said the client would have to wait .

I should point out at this stage I was 15 mins late for my appointment due to problems with my car . She then asked me did I want to come in her mouth and I said no I will return the favour so spent about 5 mins licking at her pussy .She then slipped a rubber on me and continued in the missionary position to finish . I was then given wipes to clean up whilst she phoned her client to tell him I would be out in about 4 mins .

She then took another call from a client asking about her availability that day . She is a nice girl and it was my fault that I was late in getting there but answering the phone during a blow job did annoy the hell out of me and was a bit inconsiderate! Would I return ? I honestly couldn't say either way hence the neutral recommendation .
