The Premises:

The Lady:

.

The Story:

I have meet Sam a number of times now, she is not a 20 year old fuck bunny, so if that's your type look somewhere else. She is a more mature lady.

She is a great girl, sometimes she talks too much, I just lay next to her, and say "yes dear" and play with her nipples and play with her pussy. I think a mouth gag will come in handy next time.
