The Premises:

This is a new establishment, having taken over the premises from an older one. The area is good, with a very discrete entrance and has a short stair-way up to reception. The house is old but is more than adequately furnished. A huge improvement to the previously-ran abode, and the furnishings are more than fit for purpose. The shower was a bit temperamental regarding temperature, but the laundry was fresh and heating provided on a chilly day. An awkwardly tight stair-way leads up to the higher floors and although perfectly navigable, poor old Charlize had to totter precariously when descending on her high-heels!

The Lady:

Charlize is well-known across the industry and a quick piece of research will find her numerous reviews. A mature South-African lady, mid-40's at an estimate, who towered above my small stature. She claims to be a double-D on this establishment's profile, although in reality, she is a size 10, sporting a sensual C-cup bust, with a mop of luxurious blond hair. A trifle too chatty, but more than made up with her energetic, frank openness and eager-to-please approach.

The Story:

This was my first encounter at the new management at this establishment, not having enjoyed many previous visits to the area. Being a forgiving person that I am, I frequented on the hope that a change in fortune may see an improvement, which, in the main, did do so. It appears as though a lot of the MK folk have come across to the Northampton area, including the pleasant maid and many of the MK girls are working here, although the transition period is certainly still influx. This agency is in its infancy and is yet to flourish, but the initial indications are certainly encouraging. Hence, why I would discourage any of my fellow punters to rely extensively on the rota on their website at the moment, and phone-call verification should be regarded as an excellent safety pre-emptive measure. I pitched up, having reviewed the site 24 hours in advance, expecting to acquaint a lovely young lady I had previously seen in MK. This didn't prove to be the case, as teething difficulties were still being experienced, although this will inevitably improve with time. Charlize then became my choice of service provider, and more than adequate she proved. I found her extremely agreeable, and she was certainly more than willing to indulge with any request/position I sought. Her considerable height superiority advantage made positions such as 69

a rather contortionist accomplishment, but we managed as best as we could. She was vocal, if not overly pretentious, and I felt perfectly at ease within her company.

Charlize is pretty much what is on the tin, and you can expect little but that from her. An extremely experienced lady, who is clearly popular and had many an adoring fan in the past and worthy of the highest accolades.
