The Premises:

An easy to find town house in central MK which seemed to be discrete enough.

A decent selection of parking spaces near the premises, despite the Christmas shoppers being in town, at 30p per hour.

Pretty standard shower facilities.

We were in one of the top floor rooms, which was not as big as a lower floor room I have been in during a previous visit but it was very quiet up there and cosy.

The Lady:

Perfeito!

Jade's photos on the website are pretty accurate but she is definitely better in real life and she grows cuter when she is smiling or laughing. An amazing body shows she puts in the hours at the gym and she has inspired me to do the same to get into some kind of decent shape.

Today she was looking very Christmassy in a red lingerie set with suspenders and stockings with a cracking pair of heels. To be honest Jade looks good in any of the attire I have seen her in and does not look too bad fully nude either.

Her tan has almost faded completely and I did ask her to come with me on holiday to top it up but unsurprisingly she declined.

Jade's English is really good and is accompanied with a lovely accent, so communications are not a problem and she is very easy to talk to.

The Story:

I have seen this gorgeous creature a few times now mainly in London at the House of Divine premises. When I found out she was going to be returning to MK, I had to make a booking with her there. Being from the Midlands this is a more ideal location for me to travel to. Her popularity meant I had to be early with booking to get a longer appointment and luckily got a time that suited me.

The M1 was a bit hairy with the bad weather during my journey there, so asked for a shower to help relax me and freshen my bits up. This probably led to the faux pas I managed when I forgot to get the money side sorted at the beginning.

What followed was a great time with Jade, I don't think I have not had a great time with her and it is completely understandable to why she is so popular. She is so considerate in that she constantly aims to please and is quick to sense the various stages the appointment is in and adapts to suit the situation.

One minor thing to grumble about is getting a knock on the door with 20 minutes to go. I wasn't too sure if this is normal and it puzzled me as well as Jade, too. Jade did try and ask why (the reason was something about the room being needed) but I sensed this made her feel awkward which does show her loyalty to the houses' decisions. I am sorry for making you feel that way, sweetie. I had my farewell kisses with my princess and decided 15 mins isn't worth arguing about with the maid and possibly spoiling the fantasy session I just had with Jade.

Feliz Natal e Feliz Ano Novo, Princesa Gengibre! I will see you soon in 2014.
