The Premises:

The flat was situated in a high rise flat. Parking was a nightmare even though it was the evening. Personal safety was a concern also, as the roads were dimly lit and with secluded corners and alley ways all around.

The Lady:

Letiyah was not the girl in the photos of her profile. This woman was very slim, probably a size 6, european with straight black hair, about 5'5". She spoke fairly good english.

The Story:

I had booked an appointment with her for 1 hour early in the afternoon and text her to let her know I was on my way. She then replied and asked if I could buy some condoms for her and she would pay me back. When I arrived, I had to leave my car 2 blocks away as there was no parking at all near he building. Once at the bottom of the high rise, she had me waiting another 15 minutes, before giving me the flat number. Once I she opened the door, I immediately realised that this was a different girl from the photos I had seen. Anyway, she was pretty enough, so I made my way inside the premises. The room she took me into was disgustingly dirty and messy, which was a serious put off, but still I thought well i'm here now. I had text beforehand and asked if there was any paid extra's, but she had reassured me that all services were included in the price. After handing over the money, she asked if I wanted a massage, which I declined. I asked for reverse oral. She looked at me and said that she didn't provide this service. Then I asked for OWO, she informed me that again she didn't provide this service. I asked if she had seen her profile. She said yes she had, but she didn't write it. There was no touching allowed either. So I opted for straight sex.

Through all this, I could hear loud banter and some commotion in the adjoining room. Then suddenly the door bell rang and I could tell, that some guy had walked in. Without warning, he said something to the guy already in the flat about who is working today and then proceeded to walk into the room.

This was bascially enough for me. I got my stuff together and left, 18 minutes into the service. The girl just laughed without any apology. She did not even pay for the rubbers. Throughout the whole time, I noticed she was sniffing. Though I understand that it was very cold, and no heater in the room. I have a slight feeling she probably snorted a couple of grams before I came. All in all,

probably the worst punt I have ever had.
