### The Story:

Having seen that two girls were available booked an appointment deciding with Sarah the nice maid to see the quite new Harlie .

The weather was vile heavy rain driven by a powerful wind , and was delighted that although i had arrived early Sarah said it would be fine to show up early , rang the bell and was ushered into the warm basement , and into the bedroom to meet Harlie ( and was given a beer).She looked lovely and was immediatley friendly as soon as we met, made the arrangements , Harlie nipped out asking me to get undressed.

She returned and we started cuddling and she had suggested we start with some massage , but when i unhooked her bra , her titties were an impossible distraction, i started sucking a nipple , she responded extremely quickly her nipple becoming very firm and pert , before i switched to the oher one , already pert and lovely to suck. She told me she was getting really wet and i gently rubbed her pussy through her knickers, and she wan't kidding.

She was about to pull her knickers but i told her that i wanted to...yum her pussy shaven all but for a tiny triangle of pubic hair , she lay on the bed her legs open , i opened the exquisite pink flesh as my tingle moved to her clit , genuinely responsive, no fake OTT porno lines only her delicious honey pot getting wetter and juicier and the occasional "that's nice " and "don't stop"...as if. Spent about 15 minutes before the unmistakable tensing of her body and shuddering as she moved her body back , my lips were wet with her juice she told how "wonderfully i licked pussy", and we kissed on the lips , she told me my face was wet from her pussy.

There followed the most wonderful cuddling, she is terrifically tactile , great conversationalist , and people skilled , lots of caressing , before she said she wanted to suck me , and asked if i would like it with or without , i chose the latter , wiping my cock with a wipe before she started , taking my cock into her mouth , licking my glans while i was in her mouth , sometimes sliding up and down fucking

me with her mouth , so intense i had to ask her to pause or i would pop. Lots more intimate caressing and cuddling me sucking her nipples , before she started sucking me again, salivating over my shaft so my cock gliding effortlessly in and out of her mouth , licking my balls.

She slid the condom over HIM as we were both ready , we started in cowgirl her pussy fantastically hot as she mounted me rising up and down , i was being lazy letting her do the work , so we agreed to change positions to doggie her favourite , she got into position on the bed her lovely arse in the air and a perfect view of the crack of her pussy . I slid him inside her and began thrusting into her scorching wet pussy , but i could only hold on for so long climaxing sensationally managing a few final few strokes , she smiled as i withdrew and she gave me a lovely kiss on the lips.

Far from being shown the door we spent more quality time , caressing and massaging , Harlie telling me she could happily go to sleep ( would be lovely to sleep with her), when it was finally time to leave , felt blissfully content , having had such a wonderful rapport as well as such great sex .

Harlie is a terrific Debbie's girl , great people skills , friendly , naturally pretty , with an equally natural appetite for great sex , only surprised there has not been any reviews for her earlier.
