The Premises:

Venue not far from City Centre with its own secure underground parking.

The Lady:

Leanne is a good looking tall statuesque blonde I would say about 30 years old. Polite and friendly.

The Story:

Good communication with Playmates agency, when parked up I was sent the apartment number by text.

After a friendly hello and a kiss on the cheek I was shown into the lounge and offered a drink, after giving me the drink

Leanne sat away from me in a separate chair which didn't feel like a good sign.

I accepted the offer of a shower which led me to observe the black mold all around the shower and the dirty floor as if

someone had walked on it with wet shoes.

After the shower Leanne was waiting for me in the bedroom dressed in a red basque which I soon removed along with her bra and pants,

my towel had already fallen off on its own accord. Settling onto the bed it was immediately apparent that she did not want to kiss, turning her head away after a brief brushing of lips.

After feeling and kissing her boobs a bit I moved my hand down to her pussy, it was ok to rub her clit but no way was she going to allow a finger in. She moved down to give some OWO but this was a pretty uninspired affair with her just taking the head in her mouth and mainly wanking me. The oral lasted for all of two minutes before she produced a condom and wanted to put it on, I told her it was too soon as we still had a load of time left, and suggested she continue with the oral which she did. I thought maybe she need getting going a bit so suggested I do oral on her, this I did and she was quite responsive and reached an orgasm, during the oral I tried to slip a finger in but she pulled my hand away and then kept hold of my hands to prevent any further attempts.

A condom was fitted and we moved onto sex beginning with missionary, this was ok but not a deal of response other than

Leanne turning her head away all the time trying to avoid as much kissing as possible. I moved onto doggy and

this again didn't really light a fire under her. I was starting to get a bit bored now so even though

there was a load
of time left I decided to go for a finish and be done. I was left to clean myself up and we lay on the
bed for a
while having a chat before she got up and began to dress. I decided I may as well go and got
dressed myself, we said our goodbyes and I left the apartment ten minutes short of the hour.
It is disappointing to have to write negatively about Leanne as she was nice enough, polite and
friendly but just does not cut it as an
escort, if she is going to remain in this line of work she needs to up her game a lot, show some real
enthusiasm and give the GFE that she is being paid for.
