# The Premises:

Place is very nice in all respects.

# The Lady:

Helen has a nice face and breasts. Her accent is pleasant. The wig is less nice.

# The Story:

At first nice personality. The experience was definitely below average, not least because she is too picky. Role play was OK but you can only lick her half-an-inch above the clitoris which obviously takes the fun away. I don't know why I ended up having 3 condoms and had made a knot at the end of the last one. I wanted to cum while having sex but ended up wanking. I would not see her again.
