The Premises:

Basement flat which wasnt so easy to find from the agencies directions as the entrance is round the corner on another road

The Lady:

Very attractive with lovely long legs, but her English is limited. From the little communication we did have she seemed like a really nice girl, its a shame the service wasnt great otherwise I'd have gone back.

The Story:

From the start she didnt seem to want to get too close and the condom was on before I was even hard. So the oral was covered and not great. Sex with her on top was ok, but kissing was not allowed either which was very dissapointing. Second round was just a handjob with very liberal lubricant being applied. Overall I left feeling unsatisfied which was a real shame as she's just my type, but for the price you can do a hell of a lot better
