The Lady:

April met me at the door in a smart dress that beautifully showed off her feminine curves. She has beautifully curved legs and delicate little ankles. She also has good taste in shoes - patent-leather, black stilettos.

April is the epitome of the glamorous, elegant, Russian, blue-eyed, blonde. It should be mentioned though, that she's very sensual, warm and friendly. April is "just right" on my scale of curviness - neither too thin nor too big. She obviously works out to keep her firm figure.

April is an ideal girl for anyone with a Bond-girl or Russian spy fantasy. I think she'd do it well and might enjoy that kind of thing.

The Story:

I enjoyed undressing and caressing this woman enormously - as she dresses well with sexy lingerie and has a nice firm body.

April has a passion for sex and truly gives herself in the act. I love the way she responds to sex - and the look of her blonde hair getting all tousled as she loses herself in the act. I'm not terribly experienced in sex positions and she managed to show me quite a few new ones which I enjoyed.

April also loves kink and BDSM. She loves a gradually increasing hand-spanking and she even loved being a willing "victim" of my paddle. Her pelvis started to twitch with each hand-spank about halfway into her warm-up. I do wonder if this is because spanking can make her pussy contract? (It'd be sweet if it does. Must investigate this next time!) She really got into counting strokes and thanking me for each stroke.

After the emotional drain of the vigorous sex and the spanking, we dressed and she got me a nice coffee and even a biscuit. It's difficult to imagine how she could have treated me better. As I drank

my coffee I got to enjoy watching her sit there in her elegant dress and her glasses.

Part of me didn't want to write this review because I'd rather keep her as my secret, but it's only fair that I say good things about her given how happy she's made me.

Please treat her well and be kind to her.
