The Premises:

Sissy lives in a large apartment in a big Victorian type of residence not far from Surbiton Town centre.

The bathroom was well equipped and had excellent facilities. Mouthwash and deodorants were included. The bedroom was very large and well maintained. It smelled very fresh and was well heated.

Street parking was absolutely free. I was lucky to find a parking slot just in front of Sissy's premises.

The Lady:

Sissy is a Chinese girl from Hong Kong, but speaks very good English in that cute Chinese accent. I am not good at judging Asian ladies' ages but I would say she is in her late 20s or early 30s. I may be wrong. Sissy looks exactly as shown in her photos, and I found her quite attractive.

Sissy is of slim (but not skinny) build and has very nice fresh breath, which is understandable as she does not smoke. This is a plus point if French kissing is of importance to you.

Sissy is very friendly. In fact, her friendliness is apparent from her communication. Prior to my encounter with her, we exchanged a few emails.

The Story:

Sissy greeted me in a Santa outfit, wearing a Santa hat, just like in one of her Christmas photos. She looked very cute.

The moment I walked in, Sissy greeted me with a smile and was very talkative and friendly. This is a big bonus if one has pre-punting nerves, which I always do despite my experience.

I wanted a change from the usual Caucasian escorts, and wanted to try an Oriental girl to see what they feel and taste like, and I am glad that I found Sissy to be as good, if not better, than some of the other top escorts that I have met.

I was after a basic GFE with lots of deep French kissing, and unprotected oral both ways, followed

by intercourse in the usual common positions. In this regard, Sissy did not disappoint at all. I got what I wanted and with lots of enthusiasm. I must say that for me a top quality encounter includes a lot of foreplay followed by the main event.

For me to enjoy, the foreplay must not be mechanical, and the girl must enjoy. Nothing is worse than one sided mechanical sex, and if that happens, then I go limp within seconds.

With Sissy, the foreplay was just sensational. After I walked into Sissy's apartment, Sissy greeted me with a nice hug and a handshake followed by a soft kiss on the lips. I couldn't wait as I was very horny, and although I was about to take a shower before joining Sissy for fun, I continued kissing Sissy even before I had gone to the bathroom.

When I returned, Sissy was waiting for me in her Santa outfit. Within seconds, the foreplay began and it was of the highest quality. I didn't expect Sissy to be that good of a kisser, but she really was. The kissing was just out of this world. It alternated from soft passionate kissing to deep wet French kissing which I so dearly love.

Sissy also provides great oral and is responsive to receiving oral too. Again top marks here in both oral categories.

The only downside was that Sissy was a bit too chatty but she was well into the action. In fact, she and I were enjoying so much that she didn't even know how long we were together. I was the clock watching one and not her.

Sissy is a nice clean girl, who is hygienic, smells nice and enjoys what she does. Sissy being a great kisser and someone who enjoys her work, means that I shall see her again and would heartily recommend her to others who can take good care of her.
