The Premises:

The Retreat's facilities are well documented. The new shower is very good.

The Lady:

Helen is simply stunning. My expectations were high after seeing her photos and they were easily exceeded. I can see the resemblance to Angelina Jolie mentioned on the website. Lovely strawberry blonde hair, a beautiful face and a wonderful slim but curvy figure with fabulous natural breasts.

The Story:

Helen was very welcoming and friendly while we talked about what I was after. She was wearing just a bra, panties and stockings which showed off her body nicely. My cock and balls were tied up and then I spent some time on the cross while Helen tormented me with nipple clamps, wax and electrics, regularly stopping to spit into my mouth or in my face. She provided a potent mixture of sadism and sensuality and enjoyed making me whimper and cry out.

Moving to the bed I was made to put my tongue to good use and did well enough to earn a reward of her golden liquid, but not just yet. First I was restrained on the bed and it was on with a gas mask while I was drugged up with poppers. By now Helen was wearing a sexy nurses outfit and Tina joined us briefly to take some photos, also having a little feel of things for herself!

We finished with watersports on the floor; Helen showered my head and chest while I wanked myself. Begging permission to come, I was given a glass to use and was made to drink the contents once I'd finished.

I've seen some wonderful ladies at the Retreat over the years and have no hesitation placing Helen right up there with the best of them.
