### The Premises:

As reported, neat and tidy, good parking though a busy time of year.

### The Lady:

As shown on weebite. She is no older than 24 and has great skin, figure, pretty and an un-worn face and features.

### The Story:

For those of you who want to time travel. Jodi gave me the perfect opportunity. When this gorgeous and very youthful lady walked in I felt several decades younger. Much fun was had unwrapping the late Xmas package and sampling the delights within. She comes across as the girl next door type a bit nervous which added to the allure and memorability of the occasion. Like pulling a date who was a bit apprehensive about what was to follow when you got her back to your place but when the action started joined in with the necessary passion and abandon.
