### The Lady:

Very pretty Thai lady, maybe mid to late 30s. Feminine figure, about 5'3" tall, she was wearing a short black dress. The photos on her website are accurate. Nice friendly, cheerful nature and quite saucy too. She speaks good English.

### The Story:

Lily has trained as a masseuse as has worked as such for a few years so is very experienced. She offers Thai oil body massage with hand relief. She does NOT offer any other services.

I opted for a relaxing medium massage and requested some extra attention to my shoulders. She gave me a very enjoyable massage and went to work on the knots in my back and shoulders and had me crying out "Oh yes", "Oh yes", "Oh yes", much to her amusement. The massage gradually became more sensual, not too obviously, but I think Lily knows very well how to arouse a man with a touch in the right place. Having finished work on my body she gave me a head massage and the feel of her slender little fingers running through my hair gave me a real tingle (bad luck if you are bald). She then proceeded to a very arousing finger tip massage over the front of my body during which I could no longer pretend that I was enjoying the massage simply for its health benefits. With the old boy standing to attention Lily asked if she could "help" him. I said thought I thought he was in need of some assistance and Lily started on a slow and very satisfying hand relief which led after a few minutes to the inevitable explosion.

Lily let me rest for a while and then cleaned me all over with a nice warm flannel. I dressed and chatted with Lily for a few minutes before leaving.

Sometimes it is nice to just lie back, relax, and have a woman pamper you. This is the service that Lily provides most excellently. I will definitely be seeing her again, and again and.....
