### The Premises:

Her place was easy to find and she came to the door in a coat which as soon as we were in the flat was opened to show a very sexy lingerie set. A 5 minute walk from Earls Court tube  
The only disappointments was that her place is dark and small and the shower tiny. If like me you are well padded, you get a shock when you drop the soap and have to bend over. But ground floor saves walking up 3 flights of stairs. Olina get her somewhere nicer soon!

### The Lady:

Lunar (also known as Tanya on a number of other sites) is absolutely gorgeous. Slim, very pretty face and stunning (enhanced) boobs. They were recently done and she is a little sensitive but has no issue with you playing with them. Indeed they as used as weapons of mass destruction along with a bottle of oil and a direct application to your dick. About 5 foot or slightly more. Great English. A feisty and fun lady, I think she is used to being asked to provide DOM services and she has an extensive selection of toys. She likes to be in charge a little bit and suggests all sorts of things if you are shy. For instance I had a dildo up my ass in a few minutes which was a whole new experience. Beautiful nipples. Not dark skinned.

### The Story:

The actual details are DFK, OWO Boob massage and she is highly sensitive to DATY and went off like a rocket. And one thing that I absolutely loved was the delicate soft amount of pubic hair. Not a shaven haven for this lass. I get so bored with shaven ones. It was a pleasure to tickle your nose on the wisps. Her pussy was tasty clean and she loved having her clit licked and sucked, alternatively soft and hard coming at least 4 times. And she talks dirty through much of the action.

In short in my (reasonably extensive) experience the best I have ever enjoyed, a beautiful intelligent and willing participant with a stellar body, a big smile and I cannot recommend her highly enough.
