The Premises:

Parlour is off of a main road into the city however there is a door from the road which is open and a short covered alleyway to the parlour entrance so no hanging around in full view.

Functional parlour which appears to be clean and maintained when required, better than many I've seen.

The Lady:

Absolutely stunning Latino girl about 5'5 in height and size 8, very slim and trim with enhanced but not too big boobs and a great little firm bum.

Suzie's best features however are her gorgeous face and terrific smile along with a really bright and bubbly personality, truly a little gem

The Story:

I've not used this parlour for a while but check the rota every week or two to see who is working only to find that Suzie is back after about 18 months away.

Decided I simply had to see her again as she is the best girl I've seen there, hopefully she will get a regular slot again instead of covers.

As always she was a breath of fresh air, just what I needed after a day at work looking at miserable people.

Suzie was dressed in a lovely dress, short enough to let you know what was on offer and tight enough to show off her figure but also something a bit classy about it unless she just made the dress look good.

Chatted for a bit, nice and relaxed and even though it was only a 15 minute booking nothing seemed rushed.

I opted for OWO which was as good as I remember it, Suzie has a good technique which is very pleasurable while also teasing slightly and keeping you wanting more.

Next on to the main event and I opted to go on top for a short while, she ran her hands and nails over my body which always feels so good. She then offered to turn over and I duly accepted but struggled not to come as the sight of her trim body being pounded from behind was almost too much to take. Finally I had enough and took advantage of OWOTC which was performed to perfection as expected.

Hope she gets a regular shift again and sticks around for a while, truly a rare find amongst the

many, can't wait to see her again.
