The Premises:

Debbies' place came up to expectations although as a first visit help was needed to find the way in. The welcome by the maid was extremely helpful and although I had to wait I was given a drink and chatted to pass the time away.

The Lady:

Stephanie is a slim and well-proportioned young lady in her mid-twenties. She is extremely pretty and her smile is enough to raise expectations.

The Story:

The house-special involved an assisted shower that involved both of us exploring each other's interesting bits, accompanied with endless kissing. This was followed by a massage, back and front, and more personal services that left a lasting impression. We had a leisurely chat before dressing. I came away with a warm inner glow and believe that I've met a true new friend. I shall return.
