### The Premises:

A slightly unusual location near Baker St, but with a large space containing both a dungeon and a bedroom.

### The Lady:

Mistress Elizabeth is quite tall with a slim figure. Lovely natural breasts with nice big nipples. Very good-looking with striking red hair, the photos on her site, although blurred, give an accurate idea of what to expect.

### The Story:

Our session took place in the Black Room, the dungeon. I'm a bit of a wimp so we agreed that the session would veer more towards erotic domination. We started off with me on the St Andrew's cross, blindfolded. Lots of teasing and caressing soon got me hard; I have very sensitive nipples and Mistress Elizabeth had the perfect touch. Next we tried out her newly acquired, reconditioned, 1930's Violet Wand.

Over to the bed and more attachments for the violet wand were tried before it was time for me to show Mistress how well I could worship her. Following this I was dosed up with poppers before Mistress Elizabeth once again put her magic hands to good use. Her touch was incredibly light to start with, gradually building the intensity before I was allowed to climax.

I know Mistress Elizabeth enjoys administering a good caning but she's also a perfect choice for someone like me that enjoys a more sensual session. I look forward to my next visit.
