### The Story:

I was introduced to Lacey Mai by her friend JessicaAshley last year. Lacey Mai (LaceyMai098) is a very attractive and very willing young lady. I have seen her on several occasions – lunchtime dates, overnights and, most recently, a weekend away. She does have some tattoos and piercings that may put some people off, but look past them and you will find a very lovely and very sexy young lady.

One of the things that I like most about her is her sexual responsiveness, and I believe it to be genuine. Perhaps the best thing about her is her attitude; she tries exceptionally hard to please, and usually succeeds, at least with me.

Virtually all services are on offer except "A".

She only does outcalls within East Anglia and London, but with enough notice will travel further.

Last weekend we went to Dublin. She is very comfortable with virtually everything sexual except "A" and to spend time with both her and Jessica together is a wonderful, if expensive experience.
