The Premises:

Lovely flat and very easy to find. Expert directions and banter provided by Rosalie over the phone once I'd reached the agreed underground station. I was hot and bothered before I'd even knocked.

The Lady:

Medium height, slender build, dark hair and porcelain skin. Pert and perfect all over. She doesn't state her exact age on her website but I would guess she's about 23, although she has an air of worldliness about her that many a working girl lacks. Her photos would lead you to believe she's very beautiful, and so she is.

The Story:

We arranged the meeting some time in advance and I had begun to feel concerned that too long spent dreaming about the meeting could only result in me building my expectations up unreasonably. I needn't have worried. I spent three of the most intimate, sensual and interesting hours of my life exploring a beautiful young woman and talking about every subject under the sun. Some many disagree with me, but at my age the build-up and the pillow-talk are as important as anything that happens in between, and many a visit to a young lady has been rather let down by a lack of shared interests and the feeling that she would rather we just got on with it. No such problems here. A warm, attentive, enrapturing young woman who I will struggle to stay away from for very long.
