The Premises:

New showers installed since my last visit.

Communal changing area can be a little off putting. In my opinion.

The Lady:

An absolute stunner, blonde model like size 8 figure with good quality enhanced boobs.

The Story:

Having looked on the pictures on the website I had hoped to see Melanie, but as I could not guarantee what time I would arrive I was unable to book her, so when I called in she was full booked, but my second choice Brooke would be free in about 20 minutes giving me plenty of time to enjoy the spa facilities offered by the house.

Having done so, I go upstairs to wait for Brooke, and am not disappointed in her looks she is just stunning.

Into the room we go where we agree on the service, massage, oral without, reverse oral and sex. On to the bed for an adequate massage, the best bit is every time Brooke sits up and leans over to massage my legs I get a fantastic view of her superb arse. Massage over I roll over and Brooke grabs hold of my cock and then give me some light oral then we switch round for me to engage her pussy with my tongue. I head down below and immediately I get between her legs she clamps her thighs round my head in a vice lick grip, and as soon as I start to lick her out she is having an orgasm, which unless she is extremely sensitive was clearly faked, but hay oh she was still very sweet.

Now it's my turn as Brooke gives me an ok blow job, then it's on the rubber and we fuck with her on her back and me kneeling giving me a great view of my cock going into her. Then we try to swop to her on top, but I have lost a little bit of wood and so Brooke removes the condom and starts giving me some more O and wanking me trying to improve the situation, which she does somewhat but I find that her hand job is a bit too rough for my liking so I take over, and she spreads her legs in front of me and gives her pussy a good fingering. And although I feel that I have come up to standard and would have happily fucked her a bit more this is how we end.

Personally, I felt that the whole experience was rushed and so can't quite give Brooke a full endorsement of a yes.
