### The Story:

Worst experience in a long time. Amina was hostile. Was just starting to enjoy the sex a couple of minutes in, when she starts barking "give milk, come on, come on". This kind of hurrying is completely counter-productive. No way was I going to cum when being ordered to do so quickly. She did offer a titty-fuck, but then freaked out when the ejaculation started, and actually tried to stop it by squeezing my cock. I dread to think what damage could be caused by being made to "backfire" like this. She then told me to get dressed with more than half the time still to go. Agency apologised but did not offer anything more.
