The Story:

One of the worst experiences I have ever had. I have never been moved to write anything negative about any girl (it's not the easiest of jobs, I guess) but this was in a completely different league than any experience I've ever had.

Arrived at 8.02 having agreed on a half hour visit for £80. First impressions really great. A quick peck, 'we will have a nice time', then paperwork out of the way, a call got rid of: 'I told you call me later - I'm busy now' & Irina started to strip off. I asked if I could have a quick shower, and was shown to the shower room. Back in 2 mins, Irina was oiling herself on the bed - a wonderful sight.

Once on the bed was sat back while she licked balls and then placed the lad between incredible tits. 30 seconds later she was putting on condom. 30 seconds of covered oral then 'How do like sex? Lets try doggie.' One minute of that she pulls away, lies on back and starts mish. This is enthusiastic for about 3 minutes. Then she takes a call: 'I told you i wasn't ready'. Back to me, another minute and then all change - takes off condom, oils me & and starts brisk and functional hand job.

'What is wrong with you?' she asks after a minute of this, and then stops and says I give you 20 pounds back and you go now. 'You are not my type' is the only answer I get to my 'what is the problem?' question. dressed again I was out of there at 8.15, 13 minutes and £60 lighter. (I'm not the sort to make a scene)

While I was getting ready she was dressed, on the phone again and almost beat me out the door. Then into a waiting car with driver and off into the night to where she obviously really wanted to be, having got rid of the clashing punter (but not without taking some money from him)

Ripped off !

Admire the pictures guys, but avoid at all costs!
