The Premises:

Victorias house is the best parlour I have had the pleasure of visiting. Easy to find, plenty of parking and really welcoming. Only problem is it's not closer to me!

The Lady:

Taylor is late 30's about a size 12 but looks far younger than she is. Is retiring this year which will be a great loss to the roster. Gorgeous Scottish accent and never stopped smiling the whole way thru! A true pro.

The Story:

Got the paperwork out of the way first, I opted for the top option of GFE and RO with kissing etc. it's worth the extra money every time. Started with a nice massage with occasional tickle between my legs. Conversation was lively throughout and made me quite relaxed. Turned over for a good snogging session while I played with her boobs. Moved down to oral with, no OWO I think. Unfortunately the rubber removes most of the sensation for me, but that's Taylor's choice and I respect that. Swapped over and gave her some RO which she appreciated and complimented me on ;-). She said she came but u never know with these girls. Moved to missionary for a bit while snogging again and then went for some doggy where Taylor said she came again. Eh then had some energetic cowgirl and finished with a HJ coming over her tits. The only reason the HJ was necessary was due to me seeing Chanel yesterday :-). Ordinarily I wud have shot my load during the doggy I think.

In essence if you like em 19 and not a clue then Taylor's not your girl. If you like a girl who knows what she's doing then you wud have to go a long way to find better IMHO thanx again Taylor and we will definitely hook up again before the doomsday retirement! :-)
