The Lady:

The website had a picture of a petite girl with small breast, and said she was Latvian. A phone call to the agency promised all services (A, CIM). The person who came was an uneducated, unattractive Brazilian.

The Story:

The girl was one hour late and got held up at the hotel entrance and was eventually delivered by an agency man, and a security guard from the hotel. The girl was an uneducated Brazilian, not Latvian. The man confirmed she would do all services, so I extended from 1 h (GBP 130) to 2h and gave GBP 200 to the man who left.

She then created a scene. She said she forgot the condoms, said she needed to go to the car and get it. I suspected a fish from her behaviour, and so said we shall do a hand job. She undressed a little and then would not let me take off her bra. She could not speak English, she cursed me in Portuguese in a loud voice. I asked her to call the man who brought her, but she said she left the phone in the car with the condom. I tried phoning the agency to ask for most of the money, now no one would pick up. Meanwhile, she got dressed and walked out, saying she was going to the car and would come back. I lost all the money with no service. The time was supposed to be 2h, it was 10 minutes.

Beware of all manner of criminals in the business who are flooding London. If the girl cannot speak English, do not bother to accept her - Brazilians are the worst. If there is a man dropping her off, don't do business, pay the travel fees and get rid of them.

Maybe an incall job is better as they cannot play such a trick.
