### The Premises:

my home

### The Lady:

Beautiful shapely lady about 5'6, with blonde hair, blue eyes and a constant friendly smile

### The Story:

She made me feel very at ease and there wasn't any rush .

Every thing was with protection which is a great relief,

as there are too many girls who do it with out.

I'm glad I booked the extra hour as we had some great conversation -she is a very witty lady who made me laugh.

I can't wait till I'm back in London for another visit.
