The Story:

I wanted to try a sensual massage so i talking to the maid i booked a Body2Body massage.

Started with an assisted shower which was quite enjoyable then back into the bedroom we were both naked and i lay face down on the bed. Soft music was playing in the background and she started by oiling me up and massaging me all over. After a while she started the body to body massage by rubbing her lovely tits on my back and also sitting on me and gliding up and down. Towards the end she asked me to turn around and she rubbed her tits on my chest and cock. I was allowed to touch her tits and stroke her thigh while she wanked me off.

I would have liked her to straddle me reverse cowgirl and rub her tits on my cock so i could have a chance to look at her arse and pussy. Also time spent on my back was only around 10 mins or so - i would have liked it to be a lot longer.

I will try one of the other girls there and make these suggestions.
