### The Premises:

Easy to find, easy cheap parking with plenty of free spaces even on the weekend. Usual Annabella's standards, nicely decorated bedrooms etc.

### The Lady:

Was a bit of a gamble as when I booked there wasn't much in the way of pictures of her on the website, although the day after I booked they have added some new pictures which do her a lot more justice than before. I am still not sure if she was the same girl I saw briefly on my way out last time I visited AB or not. Her hair looked a bit different colour but that doesn't mean much, it could have been her. :) This was one of the main reasons I booked her thinking it could be the same girl but that doesn't matter, I made the right choice this day anyway.

Well what can I say about her, she has an absolutely stunning body and face with lovely long dark blonde hair and silky smooth skin. Curves all in the right places, perfect tits and arse and probably one of the most beautiful girls I ever had sex with.

### The Story:

Started with a sexy naked massage with oils as Monica wanted to get to know me a bit first. It's important for her to get to know you and feel comfortable and I think it helps her open up to you more and make both our times more enjoyable. The massage was very good, she told me she used to work doing massages only in London before joining Annabella's. I actually really needed the massages and it was a great way to talk and get to know her for a bit first. It was a very sensual massage after it got started, if I had booked an hour she said she would have done a full tantric massage on me but we only had 45 minutes, shame, maybe 1 hour next time. ;)

Monica is a very sexy girl, her style was much more of a GFE than what I have experienced before at AB's. I did feel like she was my girlfriend for 45 minutes. My current girlfriend is studying in another country at the moment and I only see her once or twice a year which is hard. But it felt just like I was with a real girlfriend during my time with Monica. She is easy to talk to and loves to keep giving a kiss and a cuddle throughout (although not much french kissing on this day, maybe I could have pushed for it more as I do enjoy DFK). She told me she had only been working here for one

month but I wouldn't have believed that, she was perfect, probably in my top 2-3 girls at AB now.

Next was time for some more erotic play with some OWO, which was very nice and enjoyed a lot. There was lots of eye contact throughout, more like a GFE BJ than a PSE one, she asked me not to cum in her mouth as well so that's not on the menu for those who like it. She was very good at this but stuck to teasing with her tongue, licking and sucking the head of my penis only.

On with the condom and Cowgirl next. Wow, she has good riding skills, good rhythm to go up and down your shaft well whilst giving you full access to her body and face for you to do as you please. There was plenty of kissing and sucking her lovely nipples throughout this. Having such a sexy young lovely girl riding on top of you is heaven and the memory will stay in my mind forever.

Monica asked if I wanted to go on top, I said I like to finish doggy which she obliged to and was very good, she has a very tight pussy and a very sexy butt. As I fucked her from behind she seems to love it as she was playing with her clit at the same time. At one point she said give me your spunk, I though she said give me a spank so I spanked her arse lightly as I fucked her, we had a giggle about that. :) Anyway the end was near and I finally came inside her (with condom of course).

I think 15 minutes was left on the clock so we cuddled and kissed for a while and talked about things. A while later I then asked her if she would like me to go down on her which she replied she would love me to do. After several minutes of eating her pussy and sucking her clit she jerked a few times and told me she came. She had such a tight, wet, lovely and beautiful looking pussy and I told her I could have stayed down there all day, which she replied she would love me down there all day (just wish I had the money). :) She said my technique was actually good, although maybe she says that to everyone. :) I am trying and willing to learn how to pleasure a girl and do enjoy it as much as a girl pleasuring me.

Still with some time left it was back to cuddling and kissing on the bed. OMG, such lovely skin to caress and touch. She did say her favourite thing is a guy to go down on her and it's more about the foreplay and playing with each other and getting to know each other than just a fucking which I have to agree with.

Another excellent time at Annabella's and another 11/10, very very highly recommended. Now I just need that new job and pay rise so I can come back more often. :)
