The Lady:

Mistress Debby is very beautiful facially, around 45 I would say but very well groomed and she looks great. She speaks with a sexy accent, I guess Estonian or another Baltic tongue. She welcomed me in and listened to my ideas for the session.

The Story:

I asked for a light dom session, where Debby would be strict with me, force me to worship her, take charge and force me to pleasure her. She agreed with my requests and led me through to her bedroom, where she came back a few minutes later in her black PVC costume. She looked really gorgeous I have to say, and when she spoke to me in a stricter tone of voice of a real Mistress, I was pretty excited. She made me kiss her ring (on her finger!) and then forced my head down on her crotch. She opened the lower half of her suit up and told me to get to work licking her. I was in heaven as I licked all around her sweet tasting pussy and clit. She then changed positions so I was underneath and she was on top, and she smothered me with her big tits and then her pussy again. Then she put the condom on, rode me hard in cowgirl and called me various names, and I finished in her mouth while she played with my balls. A good introduction to role play, and I will see her again and explore some harder stuff.
