The Premises:

Decent apartment. Nice really. Been to the complex before, where there are a fair few escorts.

The Lady:

Monica is a very pretty girl with a very nice body. She is slim, though not exactly like her pictures which is a slight disappointment as she looks stunning in them. Nevertheless she is still a very good looking young lady. Asked for her to be wearing the the pvc stuff from her picture and was not disappointed in that at all.

The Story:

Turned up to hers and remembered I'd been to the building before. Good location in South Kensington and the apartments are nice. When she answered the door she was all ready waiting for me which was a bonus, as it's a pet peeve of mine if girls are still preparing with a couple of hours notice.

We quickly settled the paperwork and it was down to business. She gave me a very good, enthusiastic OWO with lots of eye contact, wearing her PVC gloves. I told her I liked to be teased and she was delighted to work me into a frenzy. In fact, she was so good I embarassingly came very early, but she didn't seem fazed and laughed at me. Slight humiliation, but it works for me. Also she didn't end the session there which I was thankful for, as I've been disappointed in girls that do this in the past.

I recharged slightly, washed down in the shower and asked for some Dom when i returned. Monica was waiting in her boots, holding a whip when I came out. I asked her to be gentle and she was, didn't hit too hard though I am sure she would if you wanted her to. I begged to lick her pussy and she enjoyed teasing me with that as well. She got on top and grinded on me very roughly, which was great. It wasn't long before i came again, but no such chance of a recharge this time.

I hung around for a bit, has a little conversation with her and she was very natural and down to earth, seems like she really enjoys her job. Would recommend to see Monica, though I'm not the kind of guy that likes to visit and escort over and over again.
