The Premises:

Knighton in Leicester, Dingy flat as part of a disused shop, parking ok, no facilities.

The Lady:

Stated 24 but at least 40, to be fair she was clean and smelt ok, nothing like in her photos, typical middle aged asian/chinese lady

The Story:

Told me on the phone she allowed rimming which she was dead set against, pussy was nice and clean and she didn't mind me licking it, didn't like her tits being touched, refused point blank to suck me off either covered or uncovered. Didn't offer uniforms which she says she does in her ad, she simply wanked me off and i let her do it so i could get out of there.

She did offer me a drink but this was probably the most dissappointing punt ever. I'm immaculately clean and always polite and respectful and expected and deserved more.

This has done me now and i will just resist the urge in future, it doesn't make economic sense to have one good punt in every four!
