The Story:

Was greeted at door and she looked disappointed. I should have left then Asked how long and I said 30 minutes. Money handed over and she stripped off. She then unwrapped a condom whilst I finished undressing.

She told me she only does covered services. I laid on the bed and she somehow managed to get the condom on my limp dick and proceeded to suck me. I started to get hard and suggested 69. She said she didn't like that. I got the impression that her English wasn't good but that may have been an act.. When I was hard she the laid down and said you go on top. I entered her and after a few strokes she's checking to see if I've come. I hadn't so we continued. It was most off putting but I managed to stay hard and finish.

Without doubt this was the worst pint i have ever had. It was all over in 15 minutes and she made it clear that was it. She just wanted it over as quickly as possible. I asked to use the bathroom only to discover her friend was in there.

She advertises on AW as Blondy-Alyce and seems to move around. Definitely one to avoid which is a pity as she is a very attractive girl but with a terrible attitude.

It is a long time since I have had a bad punt and must have got complacent. I shall walk next time.
