### The Premises:

### The Lady:

Irene is about 5ft 6", black hair, very attractive, large and firm breasts, about 25, exactly the type of woman I crave for !

### The Story:

We met in an hotel near Kings Cross. After the initial shyness passed, Irene was an enthusiastic and passionate lover. We had sex, covered of course, in a variety of positions and gave each other some very erotic oral. Irene is great fun to be with, and has a passionate and fiery eroticism about her. Great to chat to, we had a fabulous hour together, and I will certainly be in touch with her again
