The Story:

Was very enticed by the pics and the feedback, which made it sound like my type (sluttish and submissive). Certainly loved the idea of very sensual backdoor fun with a girl that lovely and fresh. I was not disappointed. She was sweet and obliging: sucked (OWO) with devotion and commitment, and DT was quite well performed. Oral on her and "classic" sex was also well received - mish and doggy well taken and I think I managed to make her climax. But the showpiece was the anal, to which I was eager to get. First doggy and then lying on the bed facing me (and legs up in the air) she took a vigorous and strenuous pounding. It was sublime to admire those slender legs, those ankles wrapped in sexy heels, and that angelic face, as I thrust into her as deep as I could. Closed with magnificent, full facial.

Round 2 was a long 69 session, with some cowgirl and then a brief further anal session (nailed her standign by the wall) before I had her kneel in front of me and wanked gloriously on her face.
