The Premises:

As always a clean and tidy apartment very near the main shopping centre and at this time of day, ample of free parking.

The Lady:

Pixie is an incredible looking young lady, perfectly formed, her bright blond hair short but enough to run your fingers through and her Bulgarian accent only added to her sexiness.

The Story:

As soon as Pixie bounded into the room my first word was "wow". Wearing very little we started with DFK before she complimented me on my form and proceeded to undress me while I managed to take off what little she had on. I was only after some lite hand relief and boy she did that so well, even this was made into an art form. The continual DFK throughout made it even more mind blowing.

Her hands were velvet soft, her skin scented of perfume and tasted divine, her lips beyond exquisite, and staring deep into her eyes as her hands played out their magic moved me to a whole new sexual place. Pixie is perfect.

When she brought me to completion, I'd never cum so much. Pixie is a fictional character and one you must chance to meet if you have that incredible opportunity.
